

MicroTESK - Bug #10061

Buffers are now shared among all processing elements

01/23/2020 11:22 AM - Alexander Kamkin

Status:	New	Start date:	01/23/2020
Priority:	Normal	Due date:	
Assignee:	Artem Kotsynyak	% Done:	0%
Category:	MMU Plugin	Estimated time:	0.00 hour
Target version:	2.5	Spent time:	0.00 hour
Detected in build:	svn	Published in build:	
Platform:			

Description

1. By default, each buffer (unless it is memory mapped) is local.
2. To make a buffer global, one should write shared before the buffer declaration.
3. The memory plugin is not responsible for resetting memory- and register-mapped buffers.

Classes to be modified: Model, ProcessingElement, MmuPlugin, etc.
