Is duplicate of Klever - Feature #6602: Report more attributes	New 01/29/2016

History

#1 - 03/11/2020 07:25 PM - Ilja Zakharov

- Detected in build deleted (svn)
- Priority changed from Immediate to Urgent
- Subject changed from The specification set attribute has an incorrect value to There is no specification set attribute
- Tracker changed from Bug to Feature

It seems that there is no any attribute that specifies specifications set version. There are attributes for a fragmentation set version and tactic, for example. So to distinguish different specification sets we need a new attribute.

#2 - 03/12/2020 11:08 AM - Evgeny Novikov

- Is duplicate of Feature #6602: Report more attributes added

#3 - 03/12/2020 11:09 AM - Evgeny Novikov

- Assignee deleted (Ilja Zakharov)
- Status changed from New to Rejected

There are many attributes to be reported actually - [#6602](#).
