

Klever - Feature #10458

Update CPALockator

08/10/2020 05:30 PM - Evgeny Novikov

Status: Closed	Start date: 08/10/2020
Priority: Urgent	Due date:
Assignee: Evgeny Novikov	% Done: 0%
Category: Addons	Estimated time: 0.00 hour
Target version: 3.0	
Published in build:	
Description Klever uses a bit outdated version of CPALockator. Besides, its configuration is not accurate enough.

- Status changed from New to Closed

I updated CPALockator and its configuration in branch *update-cpalockator* with help of [Pavel Andrianov](#). So, by default CPALockator-combat-mode:34381 is used with the "lockator-threadmodular-linux" configuration. Former configuration "lockator-linux" is available as well.
