

Klever - Feature #10598

Do not allow to compare solving verification jobs

11/26/2020 12:16 PM - Evgeny Novikov

Status:	New	Start date:	11/26/2020
Priority:	High	Due date:	
Assignee:	Vladimir Gratinskiy	% Done:	0%
Category:	Bridge	Estimated time:	0.00 hour
Target version:			
Published in build:			
Description			
<p>At the moment this is possible, but it has a bad side effect. After first comparison Bridge fills a cache for a given pair of jobs and then it uses data from the cache rather than recalculate it.</p> <p>Another possible solution is to mark the cache entry as "dirty" that will cause its recalculation if somebody will request for comparison for the next time.</p>
