

C Instrumentation Framework - Bug #3323

Internal compiler error in Aspectator

08/03/2012 12:08 PM - Vladimir Gratinskiy

Status: Closed	Start date: 08/03/2012
Priority: Normal	Due date:
Assignee: Fedor Kozlov	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version:	Published in build:
Detected in build: svn	
Platform:	

Description

I tried to run my rule model (119_1a), and on drivers media/video/saa7134/saa7134-alsa.ko media/video/saa7134/saa7134-dvb.ko aspectator failed on the 3d stage:

```
compiler-core: internal compiler error: Killed (program cc1)
```

From log on the other computer:

```
drivers/media///dvb/bt8xx/dvb-bt8xx.c:975:1: internal compiler error: Segmentation fault
Please submit a full bug report,
with preprocessed source if appropriate.
See <http://bugzilla.redhat.com/bugzilla> for instructions.
The bug is not reproducible, so it is likely a hardware or OS problem.
make[ 4]: * [drivers/media///dvb/bt8xx/dvb-bt8xx.o] Error 1
make[ 3]: [drivers/media///dvb/bt8xx] Error 2
make[ 2]: [drivers/media///dvb] Error 2
make[ 1]: * [_module_drivers/media/] Error 2
Compile error.
```

In the attached file there is a very big log :)
