

TestBase - Task #4805

Top-level test situations of instructions

04/02/2014 11:36 AM - Alexander Kamkin

Status:	New	Start date:	04/02/2014
Priority:	Normal	Due date:	04/30/2014
Assignee:	Andrei Tatarnikov	% Done:	0%
Category:	Data Representation	Estimated time:	0.00 hour
Target version:	0.0	Spent time:	0.00 hour
Detected in build:	svn	Published in build:	
Description			
A notion of top-level test situation should be introduced. By default, the top-level situation is Random. There should be a configuration file assigning top-level test situations to instructions (Random, Zero, etc.).			

History

#1 - 11/24/2014 02:45 PM - Alexander Kamkin

- Project changed from MicroTESK to TestBase
- Subject changed from [coverage] Top-level test situations of instructions to Top-level test situations of instructions
- Target version deleted (2.0)

#2 - 03/20/2015 06:52 AM - Alexander Kamkin

- Category set to Data Representation

#3 - 05/19/2015 09:17 AM - Alexander Kamkin

- Target version set to 0.0
