

## Klever - Feature #6712

### Specify Django version

02/02/2016 04:42 PM - Evgeny Novikov

<b>Status:</b>	Closed	<b>Start date:</b>	02/02/2016
<b>Priority:</b>	Immediate	<b>Due date:</b>	
<b>Assignee:</b>	Evgeny Novikov	<b>% Done:</b>	0%
<b>Category:</b>	Deployment	<b>Estimated time:</b>	0.00 hour
<b>Target version:</b>	3.0		
<b>Published in build:</b>			
<b>Description</b>			
It is well known that Bridge can be run just with several particular versions of Django. Deployment scripts should take care about that.			

### History

#### #1 - 04/25/2017 09:51 AM - Evgeny Novikov

- Priority changed from Normal to Urgent

Let's shed light on this at last. It will be much better if everybody will be bound to use some particular version of Django rather than rely upon a variety of them should behave properly and in the same way.

#### #2 - 06/22/2017 09:37 PM - Evgeny Novikov

- Status changed from New to Rejected

- Assignee deleted (Vladimir Gratinskiy)

- Priority changed from Urgent to High

Eventually I consider this issue strange since similar requirements should be specified for all used libraries and tools but there aren't corresponding feature requests.

#### #3 - 04/02/2019 10:10 AM - Evgeny Novikov

- Target version set to 3.0

- Priority changed from High to Immediate

- Assignee set to Evgeny Novikov

- Status changed from Rejected to Open

- Category changed from Documentation to Deployment

- Description updated

- Subject changed from Minimal and maximum version of Django to Specify Django version

I re-opened the issue as yesterday Django 2.2 was released and at least Bridge migrations started to fail with it. Everybody, let's use Django 2.1.7 that definitely works until explicit update of supported version in Bridge.

#### #4 - 04/02/2019 10:14 AM - Evgeny Novikov

- Status changed from Open to Resolved

I fixed this in branch `deploy-linux-3.14-build-base`.

#### #5 - 04/02/2019 12:10 PM - Evgeny Novikov

- Status changed from Resolved to Closed

Tests passed, so, I merged the branch to master in commit:afaaf5f.

[Vladimir Gratinskiy](#), please, update Bridge to new versions of Django in separate branches and via explicit new features at Forge.
