

Klever - Bug #7975

For experts incorrect accesses are shown at the jobs tree page

02/13/2017 04:18 PM - Evgeny Novikov

Description

Besides one see that he/she is an author of his/her jobs, one see that he/she has no access or he/she is observer. This looks to be the bug just in representation since experts are able to create marks even for jobs for which they are just observers.

History

#1 - 02/13/2017 04:36 PM - Vladimir Gratinskiy

It is not a bug.

#2 - 02/13/2017 04:41 PM - Evgeny Novikov

Why not? There are user roles for jobs, so for experts there can be just author or expert.
