Description There is a special routine for this <code>core.utils.merge_confs</code> but sometimes standard dictionary updates are used. As far as I know this is the case just for merging AVTG plugin configurations and this causes to duplicate corresponding options even though just a couple of them should be rewritten. Do not forget to get rid of option duplicates after this bug will be fixed.

Let's do it together with [#6608](#).

#2 - 08/31/2017 10:15 AM - Evgeny Novikov

- Assignee deleted (Ilja Zakharov)
- Priority changed from Urgent to High

I don't think that this issue is of high importance at all.

#3 - 09/22/2017 05:17 PM - Evgeny Novikov

- Category changed from **Abstract tasks generation* to *Tasks generation*

#4 - 08/20/2018 10:06 AM - Evgeny Novikov

- Target version set to 3.0
- Priority changed from High to Urgent
