

## Klever - Feature #8425

### Add support for unknown patterns without regular expressions

09/12/2017 09:42 AM - Evgeny Novikov

<b>Status:</b> Closed	<b>Start date:</b> 09/12/2017
<b>Priority:</b> Urgent	<b>Due date:</b> 10/25/2017
<b>Assignee:</b> Vladimir Gratinskiy	<b>% Done:</b> 100%
<b>Category:</b> Bridge	<b>Estimated time:</b> 0.00 hour
<b>Target version:</b> 1.0	
<b>Published in build:</b>	
<b>Description</b> At the moment all patterns are assumed to be regular expressions by default. But in the most cases this isn't convenient due to all special regexp symbols should be properly escaped while regular expressions aren't required at all. Also this will likely speed up unknown mark associations.

#### History

##### #1 - 10/11/2017 01:55 PM - Evgeny Novikov

- Priority changed from High to Urgent
- Target version set to 1.0

Raise the priority as it blocks the high priority issue.

##### #2 - 10/25/2017 09:09 PM - Vladimir Gratinskiy

- Due date set to 10/25/2017
- Status changed from New to Resolved
- % Done changed from 0 to 100

Implemented in branch "unknown-marks".

##### #3 - 10/26/2017 11:43 AM - Evgeny Novikov

- Status changed from Resolved to Closed

Having this feature I can specify that patterns of the most of preset unknown marks are not regular expressions indeed. I merged the branch to master in [ce740c56](#).
