#### Description

I noticed the following warning that happens likely during processing object symbols:

```
2017-10-16 12:37:13 (utils.py:267) LKBCE WARNING> "make" outputted to STDERR:
/home/novikov/.pyenv/versions/3.6.1/lib/python3.6/re.py:212: FutureWarning: split() requires a non
-empty pattern match.
  return _compile(pattern, flags).split(string, maxsplit)
```

It can become a fatal error in near future.

#### History

##### #1 - 10/23/2017 02:36 PM - Alexey Polushkin

- Status changed from New to Resolved

Resolved in 'fix\_split\_warning' branch

##### #2 - 10/23/2017 03:03 PM - Evgeny Novikov

- Status changed from Resolved to Closed

It helps, so I merged the branch to master in [526a9aeb](#).
