

Klever - Feature #8621

Develop environment model specification for category tty_ldisc_ops

12/07/2017 10:41 AM - Evgeny Novikov

Status:	Closed	Start date:	12/07/2017
Priority:	Urgent	Due date:	
Assignee:	Ilja Zakharov	% Done:	0%
Category:	Environment model	Estimated time:	0.00 hour
Target version:	2.0		
Published in build:			
Description			
Category tty_ldisc_ops is quite popular among TTY modules, so developing this specification should improve their coverage considerably.			

History

#1 - 12/07/2017 10:44 AM - Evgeny Novikov

Initial version of specification was added in [170d3c8](#) to branch *emg-improvements*.

Unfortunately EMG sometimes generates incorrect code declaring variables with names as integers. This is the case, say, for modules *drivers/tty/n_hdlc.ko*, *drivers/tty/n_tracerouter.ko* and *drivers/tty/n_tracesink.ko* of Linux 3.14.

#2 - 12/09/2017 05:47 PM - Evgeny Novikov

- *Status changed from New to Resolved*

The mentioned issue was fixed.

#3 - 03/05/2018 12:22 PM - Ilja Zakharov

Implemented in 8066-abstract-translator.

#4 - 10/25/2018 09:17 PM - Evgeny Novikov

- *Status changed from Resolved to Closed*

Branch *klever-2.0* passed all tests and I merged it to master in [72be796e3](#) marked as *v2.0rc1*.
