Category:	Bridge	Estimated time:	0.00 hour
Target version:	2.0	Spent time:	0.00 hour
Published in build:			

Description

My recent experience clearly showed that having function coverage navigation would be great. Interesting controls are the following:

1. Go to next/previous uncovered function.
2. Go to next/previous covered function.
3. Go to next/previous covered function from a list of covered functions sorted by their numbers of calls.

History

#1 - 01/18/2018 01:02 PM - Evgeny Novikov

- Target version set to 2.0
- Priority changed from High to Urgent

I suppose that corresponding functionality will be extremely helpful for all users who want to achieve results having better quality than usually.

#2 - 01/30/2018 06:58 PM - Vladimir Gratinskiy

- % Done changed from 0 to 100
- Status changed from New to Resolved
- Due date set to 01/30/2018

Implemented in branch "visual-improvements".
