

Klever - Feature #9161

Load job function coverage in an intermediate representation as an extra file

07/25/2018 02:46 PM - Ilja Zakharov

Status: Closed	Start date: 07/25/2018
Priority: Urgent	Due date:
Assignee: Ilja Zakharov	% Done: 0%
Category: Infrastructure of Core	Estimated time: 0.00 hour
Target version: 2.0	
Published in build:	
Description For verification of kernel parts for a specific "coverage" LKVOG strategy it is necessary to provide coverage in intermediate representation with saved covered function names. We need to collect this data and upload it if necessary as an additional file.
