Please fix CheckStyle warnings for your code, that are detected in Jenkins.			

History

#1 - 09/17/2018 12:33 PM - Mikhail Lebedev

- % Done changed from 0 to 100
- Status changed from New to Resolved

#2 - 09/17/2018 01:27 PM - Sergey Smolov

- Status changed from Resolved to Open

One CheckStyle warning still appears (see SAR Retrascope project at Jenkins):

```
Versions.java:99, JavadocTagContinuationIndentationCheck, Priority: Normal
```

```
Line continuation have incorrect indentation level, expected level should be 4.
```

```
Checks the indentation of the continuation lines in at-clauses.
```

#3 - 09/17/2018 01:30 PM - Mikhail Lebedev

- Status changed from Open to Resolved

Should be fixed now.

#4 - 09/17/2018 01:36 PM - Sergey Smolov

- Status changed from Resolved to Verified

ok
