| Description | | | |
| Require to provide consistency of <code>ldv_is_err</code> with assumptions at <code>ldv_err_ptr</code> and <code>ldv_ptr_err</code> . | | | |

History

#1 - 11/08/2018 06:29 PM - Anton Vasilyev

- Status changed from *New* to *Resolved*

Fixed in `fix_9378`

#2 - 11/08/2018 11:35 PM - Evgeny Novikov

- Priority changed from *Normal* to *Urgent*

#3 - 02/25/2019 10:49 AM - Evgeny Novikov

I merged the master to the given branch, performed simple tests and started large tests. Let's wait for results.

I was wondering because I did not find the branch first. It turned out that you pushed it directly to Forge rather than to our development repository from which CI pushes everything to Forge. So, in future, please, do not push anything to Forge.

#4 - 02/25/2019 01:56 PM - Evgeny Novikov

- Status changed from *Resolved* to *Closed*

Tests passed, so, I merged the branch to master in [3bdbbdd](#).
