

Klever - Feature #9698

Move to a new typedef interface collection provided by Clade

06/04/2019 05:44 PM - Ilja Zakharov

Status:	Closed	Start date:	06/04/2019
Priority:	Urgent	Due date:	
Assignee:	Ilja Zakharov	% Done:	0%
Category:	Environment model	Estimated time:	0.00 hour
Target version:	3.0		
Published in build:			
Description			
In optimization purposes Clade will print typedefs (type definitions) for header and C files separately. Previously it provided data only for C files. This should be supported in EMG.			

History

#1 - 06/04/2019 05:48 PM - Ilja Zakharov

- Status changed from *New* to *Resolved*

Fixed in 9698-emg-typedefs.

Note, that you need both new CIF and Clade to have this working.

#2 - 06/05/2019 11:44 AM - Evgeny Novikov

- Status changed from *Resolved* to *Closed*

I tested the branch and merged it to master in [655eaabc9](#). Although new Klever will likely work with old build bases, it is recommended to rebuild them. And as Ilja noted, don't forget to update Clade and CIF.
