History

#1 - 11/24/2020 11:48 AM - Evgeny Novikov

- Target version set to 3.0
- Priority changed from High to Urgent
- Assignee set to Ilja Zakharov
- Subject changed from Update to BenchExec 1.19 to Update BenchExec

We still use BenchExec 1.18 released ~2 years ago. This is not so stable package that can be used without updates. Most likely numerous tricky issues were fixed in new versions. Unfortunately, we can expect some new limitations for users, e.g. that one can use BenchExec just on Ubuntu without much pain. Besides, there may be new bugs. Let's see.

#2 - 11/24/2020 04:47 PM - Evgeny Novikov

- Related to Bug #10585: Do not fail when there is not appropriate Java for CPAchecker added

#3 - 11/24/2020 07:24 PM - Ilja Zakharov

- Status changed from New to Resolved

Implemented in feature-9703. Updated to BenchExec 3.3.

#4 - 11/25/2020 10:41 PM - Evgeny Novikov

- Status changed from Resolved to Closed

Tests passed, so, I merged the branch to master in [ea26920c0](#). I am not sure that our CI evaluates new BenchExec well enough, so, let's see further and fix issues if so.
